

PORT WASTE MANAGEMENT PLAN

Last MCA Revalidation Date of Plan: 28.06.2017
Next MCA Revalidation Due: 27.06.2020
Last Interim Review Undertaken: July 2019
Next Interim Review Due: July 2020

Introduction

Since January 1998 UK legislation has required ports, harbours and some terminals to draw up waste management plans for Maritime and Coastguard Agency (MCA) approval. The UK requirements for Port Waste management have since been updated with the Merchant Shipping and Fishing Vessels (Port Waste Reception Facilities) Regulations 2003 and amendments. Guidance on the implementation of these regulations in the UK is provided in MGN 563 (M+F).

The Harbour Master is the Designated Person for the implementation of this plan and may be contacted at the Harbour Office, Bath Road, Lymington, SO41 3SE: Tel 01590 672014.

Summary

Lymington Harbour caters for two principle marine activities, i.e.

1. Recreational craft comprising approximately 1,600 permanent berths with visiting yachts and supporting services.
2. A ferry terminal owned and operated by the ferry company Wightlink Ltd providing a domestic ro-ro vehicle and foot passenger service between Lymington and Yarmouth, Isle of Wight. Wightlink are the Statutory Harbour Authority for their terminal and produce their own Port Waste Management Plan for certification by the MCA. As soon as their vessels leave the terminal berths they enter harbour waters controlled by Lymington Harbour Commissioners.

Other than Wightlink (see 2 above), there are no harbour facilities for commercial shipping.

General Principles

- a) Harbour Areas to be covered.
- | | | |
|-----------------------|---|--|
| Town Quay | } | Recreational craft & fishing boats |
| Lymington Marina | } | Recreational craft |
| Lymington Yacht Haven | } | Recreational craft |
| Bath Road Car Park | } | Recreational craft (Incorporates Yacht/Sailing Clubs) |
| Wightlink Terminal | | Commercial – Domestic Ferry Service (see Wightlink PWMP) |

- b) Charging: Part of Marina/LHC mooring charges are for waste. As such, customers are reminded to place waste and refuse in the appropriate receptacles provided.

Consultees

Lymington Harbour Commissioners	Chief Executive/Harbour Master
Lymington Marina	Yard Manager
Lymington Yacht Haven	Office Manager
Wightlink Ltd	Port Operations Lead
Royal Lymington Yacht Club	Secretary
Lymington Town Sailing Club	Secretary
Lymington and District Sea Fishing Club	Secretary
New Forest District Council	Waste & Recycling Manager

Waste Quantities

These are highest during the summer season but vary by area. Waste and recycling bins are emptied according to demand by licenced waste contractors who retain records of collection and disposal in accordance with their waste carrier licence conditions.

Non-Compliance

Non-compliance issues are dealt with under the Lymington Harbour General Directions 2014. Direction 5.27 prohibits acts of pollution and Direction 6.3 requires waste products to be placed in the appropriate facilities. Any breaches of the Directions will be dealt with in accordance with LHC's Enforcement and Prosecution Policy in its Marine Safety Management Plan.

Specific Area Plans

Lymington Harbour Commissioners

Town Quay

Mobile skips are provided for visiting yachts and fishing boats for solid waste and glass recycling in conjunction with New Forest District Council (NFDC), Appletree Court, Beaulieu Road, Lyndhurst SO43 7PA, Tel 02380 285000. Skips are located in a bin store next to toilet and shower block adjacent to gangway. Emptying by NFDC takes place as necessary (minimum weekly) via an annual Season Ticket. Waste Carrier Licence CB/VM3288KH.

Dan Bran & Harbour Masters Pontoon

Wheelie bins are located at the pontoon bridge for solid waste and glass recycling which are emptied by NFDC. Waste Carrier Licence CB/VM3288KH.

Details of the above facilities and their locations are provided in a 'Harbour Guide' publication which is given to mooring holders and visiting yachts.

Other Waste not covered by the above areas

As necessary the Harbour Master hires licenced contractors to provide skips to collect hard waste found floating in the river and to deal with special situations.

Lymington Yacht Haven (see further detail at Annex A)

1. Eight mobile skips are provided and rubbish is then processed in an on-site waste compactor which is emptied once a month (out of season), and twice a month during the season. Skips all bear the following notices indicating that they are not to be used for non-EU food waste.
2. Waste oil tanks are provided close to each skip and emptied by an outside contractor as required.
3. Separator tanks are available for contaminated bilge water.
4. Discarded batteries and scrap metal are collected by SAMPAS Ltd.
5. Glass recycling is available with collection by NFDC.
6. Two skips are provided for cardboard recycling, scrap metal and TEPs collected as required.
7. These arrangements are set out in a handbook issued to all mooring holders and visitors.

Lymington Marina incorporating Berthon Boat Co. (See further detail at Annex B)

1. 2 compactors (one for marina and one for boatyard activities).
2. Emptying of compactors carried out by Veolia at the Lymington Waste Transfer Centre.
3. Recycling bins are provided for general recycling and cardboard.
4. Visiting boats receive a brochure showing, inter alia, compactor and bin locations. Notices state that bins are not to be used for food waste from outside the EU.
5. Waste oil tank is located in near the marina building and is emptied regularly.
6. Tank cleaning is by arrangement with BKP.
7. Glass recycling is available with collection by NFDC.
8. All other waste is managed by specialist contractors as shown in Annex B.

Yacht Clubs

RLymYC provides bins for domestic refuse from leisure boats for members only.
Waste Carrier Contract No:514/2337237/1/04800000. Biffa, Coronation Rd, Cressex, High Wycombe HP12 3TZ.

LTSC provide bins for domestic refuse from leisure boats, for members only.
Waste Carrier Contract No: 514/166451/1/0030000. Biffa, Coronation Rd, Cressex, High Wycombe HP12 3TZ. NFDC remove glass bottles under a contract which is renewed annually.

Wightlink Ltd

Wightlink operate 3 ro-ro ferry's providing a frequent scheduled domestic vehicle and foot passenger service between Lymington and Yarmouth, Isle of Wight. Wightlink are the Statutory Harbour Authority for their terminal and produce their own Port Waste Management Plan for certification by the MCA. As soon as their vessels leave the terminal berths they enter harbour waters controlled by Lymington Harbour Commissioners.

Wightlink vessels are classed as 'Class IV passenger ships engaged only in voyages within category D waters' and therefore fall outside the scope of the 2003 Regulations.

Time Expired Pyrotechnics (TEPs)

Leisure Users

On the 9th February 2010 the MCA issued updated guidance for the disposal of TEPs by members of the public and from small independent fishing vessels.

The MCA currently provide a limited storage facility for some TEPs through HM Coastguard, prior to disposal. The nearest Maritime Rescue Coordination Centre to Lymington that will accept TEPs is MRCC Solent – Tel: 023 9255 2100.

Lymington Yacht Haven will accept TEP's from its own customers and undertake disposal; a small fee is charged.

Commercial Organisations

Marine Guidance Note (MGN) 287 gives the following options for disposing of out-of-date TEPs from commercial organisations:

1. Some pyrotechnic suppliers or their agents(s) may have a collection and disposal scheme in place and may be able to accept TEPs.
2. Ask a life raft service station if they are able to take out of date TEPs.
3. Ask the port, harbour or marina where your vessel is berthed if they will accept TEPs (Note: None of the organisations on the Lymington River accept TEPs except Lymington Yacht Haven)

Review

This plan will be reviewed every 12 months to ensure that it is 'current'. A copy of the reviewed plan will be submitted to the MCA on an annual basis. The MCA will determine when they need to undertake a formal review and recertification. This will normally only be required in the event of a significant change in the scale and arrangements for waste disposal.

Ryan Willegers

ANNEX A

Lymington Yacht Haven

Domestic Waste

Eight mobile skips are provided and rubbish is then processed on site in a waste compactor which is emptied under contract once a month (out of season), and twice a month during the season by Veolia Environmental 210 Pentonville Road, N1 9JY: Tel 02078 125000. Waste Carrier Licence Number CBDU95537

Use of the waste bins is free to all marina users and signs are displayed indicating that they are not to be used for non-EU food waste. Every boat visiting the marina is given a brochure containing useful information including the siting of the waste bins.

Glass

Recycling bins are provided for glass. These are emptied by New Forest District Council. Appletree Court, Beaulieu Road, Lyndhurst SO43 7PA: Tel 02380 285000. Waste Carrier Licence CB/VM3288KH.

Waste Oil /Oil Filters / Contaminated Waste

Waste Oil tanks are emptied by Slicker Recycling. There is no set schedule for the collection of this. When tanks are 2/3rds full, the contractor is asked to empty them. Waste Carrier Licence Number: CB/HE5486LG. Slicker Recycling, Enterprise House, Barrack Road, Stourport on Severn, DY13 9RW: Tel: 01633 841114

Disposal of oil contaminated waste (mainly rags and filters) together with old anti-freeze is also managed under annual contract with Slicker Recycling.

Wash down area waste is collected under annual contract by Veolia Environment, 210 Pentonville Road, N1 9JY: Tel 02078 125000. Waste Carrier Licence Number CBDU95537.

The waste from the interceptor tanks on the fuel bay are emptied every year under annual contract by Cleansing Services Group. Waste Carrier Licence Number AM/406452/CB. Cleansing Services Group, Chartwell House, 5 Barnes Wallis Rd, Segensworth, PO15 5TT.

The wet waste (grease trap) from the Haven Bar & Bistro is also emptied under annual contract by Cleansing Services Group. Waste Carrier Licence Number AM/406452/CB.

Batteries

Battery waste is collected by SAMPAS Ltd on a quarterly basis. SAMPAS Ltd, 96 Gosport Street, Lymington, SO41 9EH. Waste Carrier Licence Number: CBDU257140.

Cardboard & Mixed Recycling

Two large front end loaders are provided for cardboard, plastic and paper. They are emptied under contract as required by BIFFA Waste Management, Coronation Rd, Cressex, High Wycombe HP12 3TZ. Waste Carrier License: TWE/67683/CB.

Flare Disposal

Collected by EOD as required, Waste Carrier Licence: CB/BM3984UX

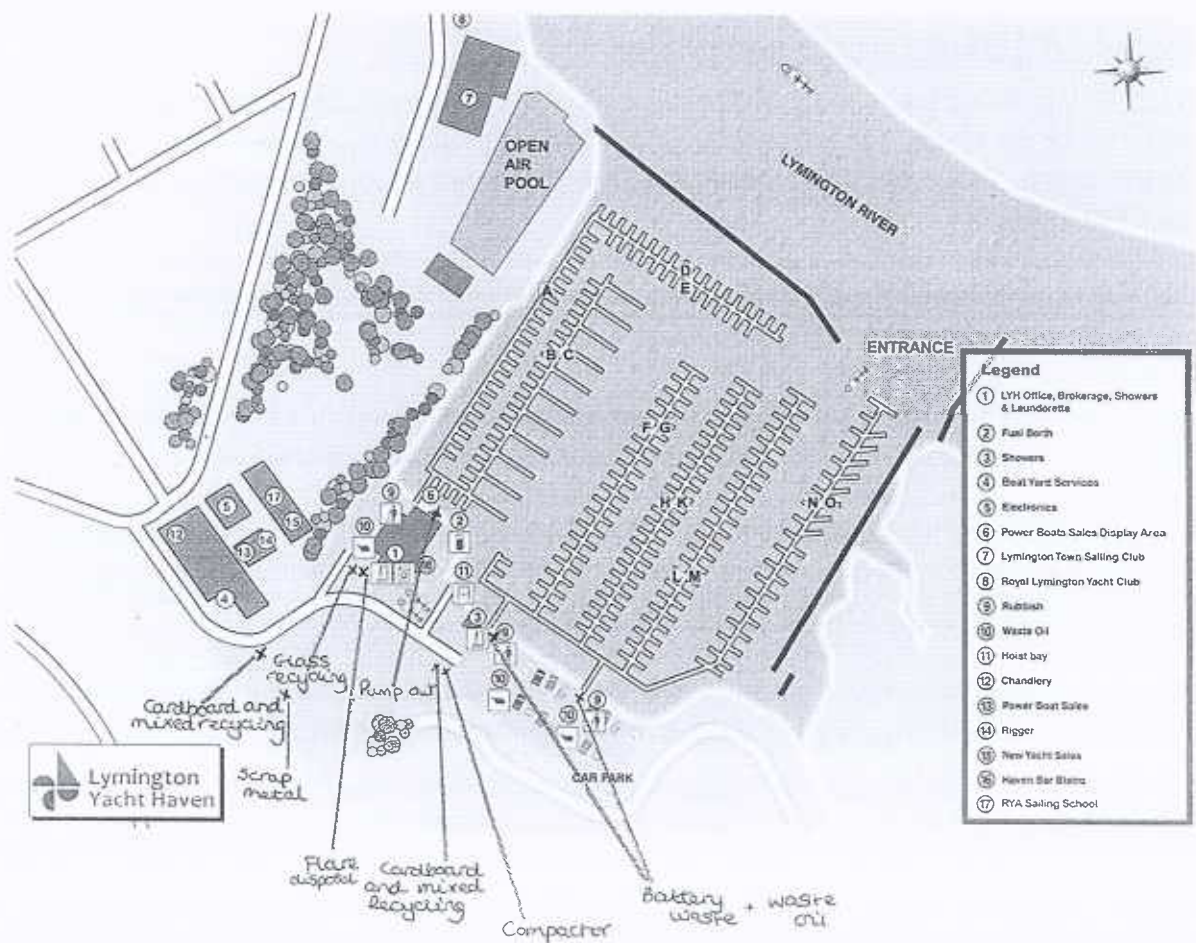

Pump-out, Black/Grey

Pump-out connected directly to the main public foul sewer.

Scrap Metal

Locked compound on site, collected as required by SAMPAS Ltd. SAMPAS Ltd, 96 Gosport Street, Lyminster, SO41 9EH. Waste Carrier Licence Number: CBDU257140.

ANNEX B

Lymington Marina / Berthon Boat Company

Domestic Waste

There are two waste compactors on site, situated at the marina and M shed. Every boat visiting the marina is given a brochure containing useful information including the siting of the waste bins. Veolia, Lymington Waste Transfer Centre, Lymington.

Waste Carrier Licence CB/DU95537. Veolia Environmental, 210 Pentonville Road, N1 9JY: Tel 02078 125000.

Dry recycling

Recycling bins are provided alongside the marina compactor above for paper, plastics and card; other general recycling collected by Veolia. Waste carrier licence CB/DU95537.

Glass

Recycling bins are provided alongside the bins above for bottles and jars. NFDC, Appletree Court, Beaulieu Road, Lyndhurst SO43 7PA: Tel 02380 285000. Reference number 6025: emptied every other Friday

Cardboard & shredded paper

Cardboard is compacted at M shed stores cardboard compactor and baled for collection by Veolia. Waste carrier licence CB/DU95537.

Waste Oil and Oil Filters

Disposal of waste oil is provided for via a disposal tank situated near the marina building and accessible at all times. This tank is emptied on a regular basis. Two oil filter disposal bins are sited alongside the oil tank. Oil and filters are taken away by Cleansing Service Group Ltd, Barnes Wallis Road, Fareham PO15 5TT; Telephone number 01489 782232; Waste Carrier Licence number CB/DU89037.

Brown/Black Water Tank Pump Out

Tank cleaning and disposal of liquid and sludge wastes can be carried out at short notice by BKP, Waste Carrier Licence Number CB/DU201880. BKP Waste & Recycling Ltd, Casbrook Park, Bunny Lane, Romsey SO51 OPG. Tel 0800 3765004.

Scrap Metal

Large skip kept on site, collected as required by: Nick Maunders, Waste Carrier Licence No. CB/DU217931 (Tel: 07747601336). NJM Metal Recycling, Unit 2 Boarhunt Yard, 1 First Avenue, Southampton SO15 0LJ.

Batteries

On site storage in locked containers, collected as required by:
Nick Maunders, Waste Carrier Licence No. CB/DU217931 (Tel: 07747601336)

Small Batteries

On site storage. Collected as required by Cromwell Tools Ltd under WEEE Regs. Cromwell Tools, Unit 15 Admirals Park, Williams Road, Portsmouth PO3 5NJ.

Oily Bilge Water, Waste Diesel, Anti-Freeze

On-site bunded storage in IBCs, collected by BKP, waste carrier licence No CB/DU201880.

Gunwash, Thinners, Paint Waste & Solvent

On-site bunded storage, collected by BKP Ltd. Waste Carriers Licence No CB/DU201880

Motor Vehicle Waste & Parts Cleaner

Collected by Safety Kleen UK, Waste Carrier Licence Number CB/DU89939. Safety Kleen UK, Profile West, 950 Great West Road, Brentford TW8 9ES. Tel: 0203 8148700.

Resin & Waste Acid

On-site bunded storage, collected by BKP, Waste Carrier Licence Number CB/DU201880.

Fire Extinguishers (Halon)

Collected by Fireguard, Waste Carrier Licence Number CB/DU151334. Fireguard Safety Equipment Co Ltd, Unit 11 Chancel Ind Estate, Newhall St, Willenhall WV13 1NX.

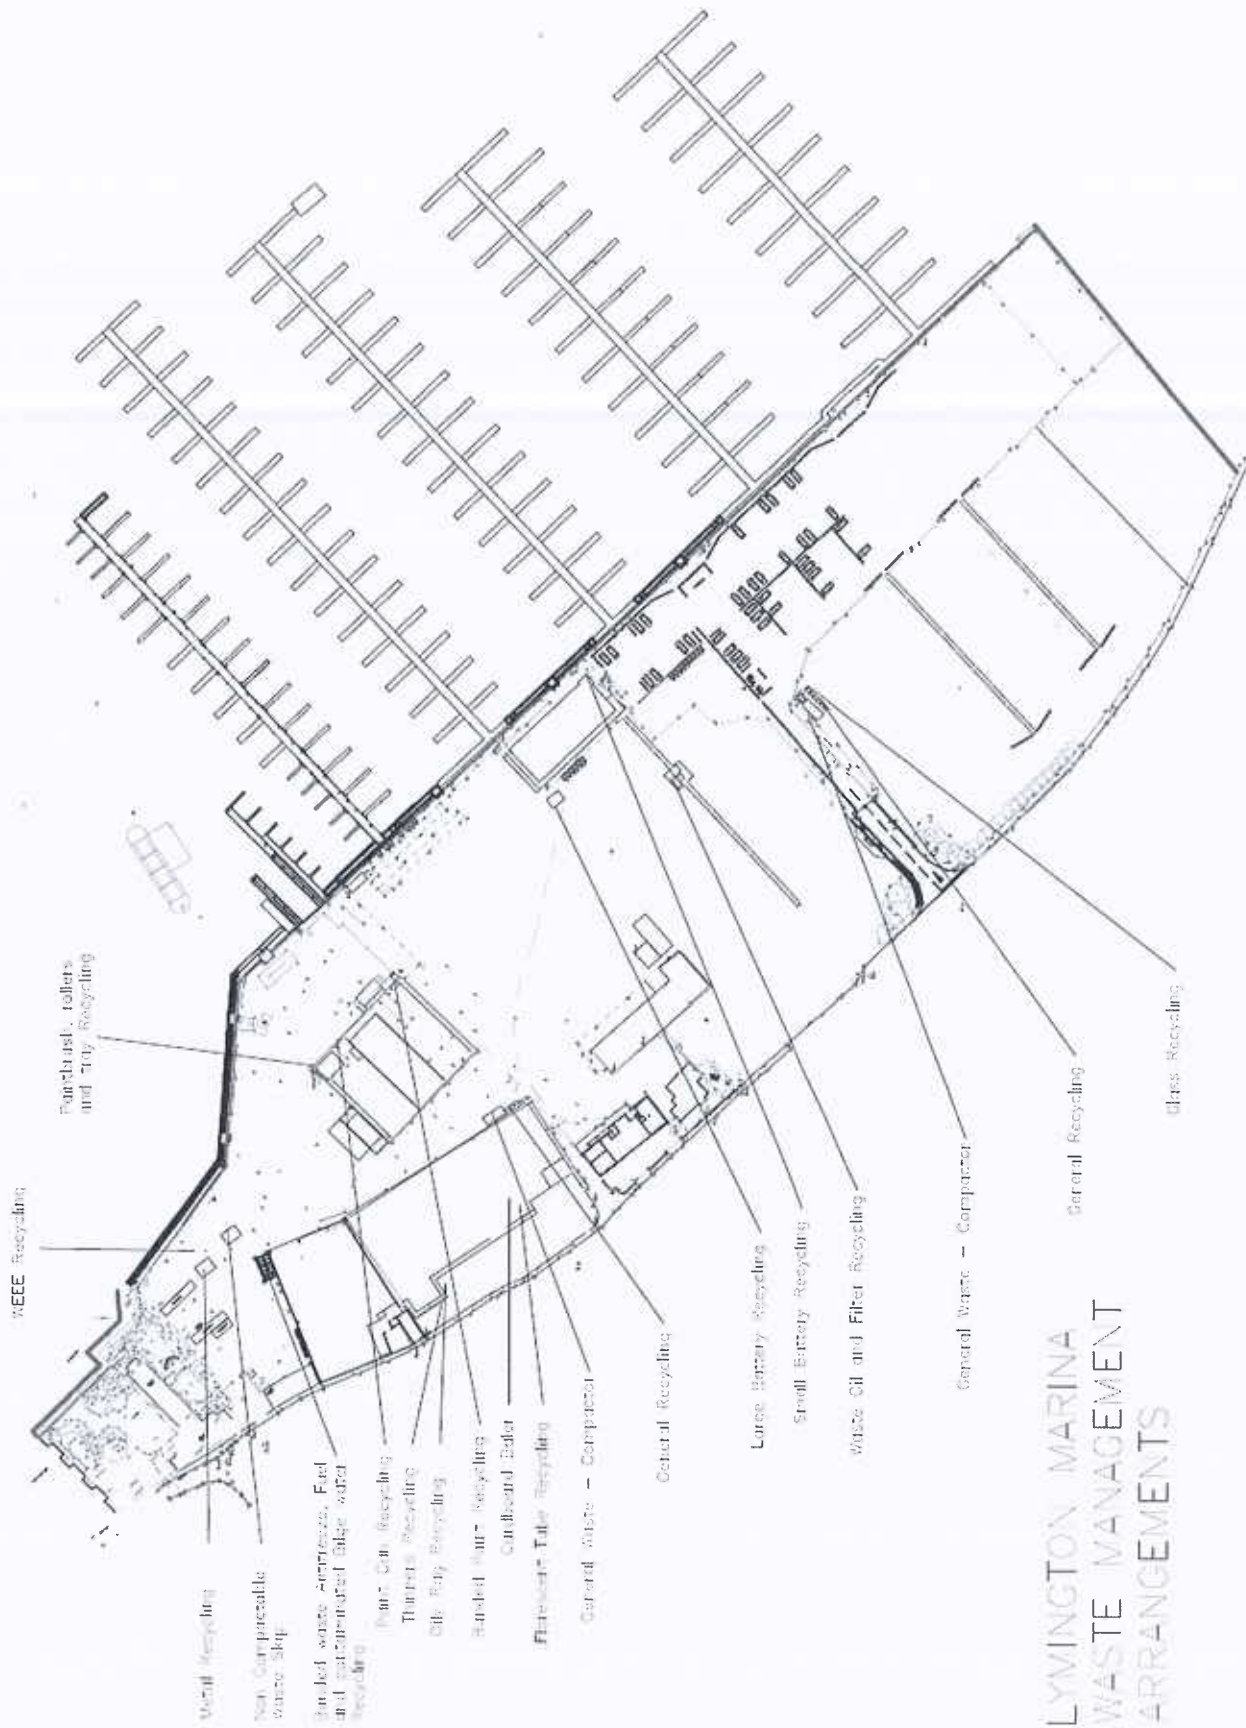

Fluorescent Light Recycling

Collected by Kew Electrical, Unit 730 Ampress Park, Lymington SO41 8LW, under WEEE Regs.

Waste Petrol

Pumped directly from fuel tanks by BKP and transferred from site immediately. No large quantities of waste petrol are stored on site. Waste Carrier Licence CB/DU201880
